

# writing activity

**Family traditions are shared activities, meals, and celebrations passed down from one generation to another.** Some are unique or just for fun. Others are related to holidays. In the space below, write about a family tradition that you always look forward to.

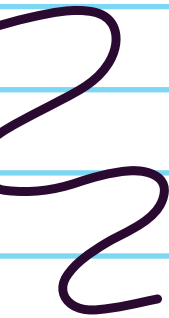

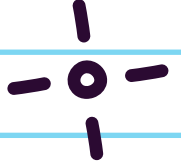

1) **What's one of your favorite family traditions?**

2) **When and where does it happen?**

3) **What do you love most about it?**

4) **How long has it been a tradition in your family?**

5) **Now, invent your own silly, new tradition.**

Describe it here!
