

Riddle Sudoku

Fill in the squares so that the six letters appear only once in each row, column, and 2 x 3 box. Then read the yellow squares to find out the answer to the riddle.

Riddle:

What's as big as a dinosaur but weighs nothing?

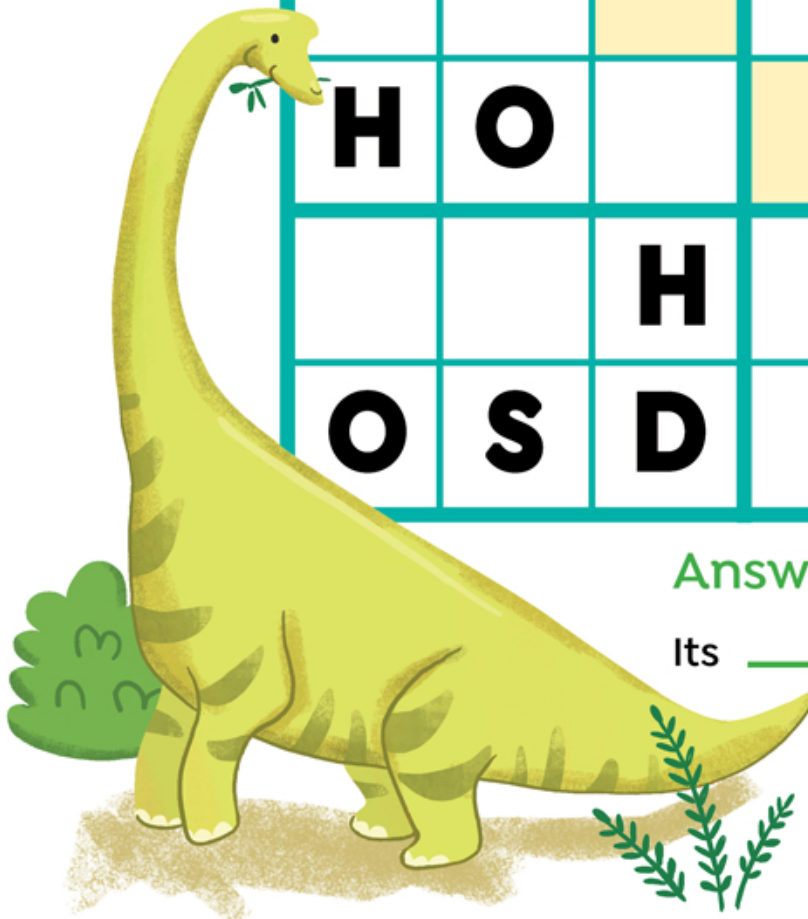

Our
Sudoku
puzzles use
letters
instead of
numbers.

LETTERS: **A D H O S W**

			W	D	H
			O		
				S	O
