# Kitten Cuddles: A Hidden Pictures Silly Fill-In Story

Write the name of each object you found in the "Kitten Cuddles" puzzle in a blank space to complete the story. When all of the spaces are filled, read the silly story aloud.

A couple of weeks ago, my fluffy calico \_\_\_\_\_ had a litter of kittens. At first, they couldn't open their eyes or move out of their comfy \_\_\_\_\_. My sister picked one up and said it looked just like a tiny, fuzzy \_\_\_\_\_! Now they are big enough to play with us, and, boy, does that make my \_\_\_\_\_ happy! They love to chase string, table-tennis balls, and of course that big fluffy \_\_\_\_\_ from the bookshelf. Today was zany! As soon as we got home from school, we raced to the \_\_\_\_\_. The kittens came running and all seven of them leaped right at my \_\_\_\_\_. Then the smallest one batted a toy \_\_\_\_\_ from my sister's \_\_\_\_\_ and onto the couch. My mom came in and sat right on it. She jumped up faster than a young \_\_\_\_\_ on a bouncy \_\_\_\_\_. We all had a good laugh—even Mom. I can't wait to see what happens tomorrow when my best \_\_\_\_\_ comes over to play!
